TUESDAY MORNING, AUGUST 22, 1854. We are authorized to atmospher Econor Under-NOTE AND A second date for Mayor at the coming election.

CHAMBER OF COMMERCE AND MERCHANTS. EXCHANGE The merchants and business men of Nashville have taken a step in advance in the establishment of this institution, and by the spirit which they have generally manifested in coming forward and TOCACCO, -Nothing doing in Tobacco. pladging themselves to an earnest support of it have given a guarantee that they intend to make it permanent. The necessity of such an organization the many evils and inconveniences which it is cal | Fine sack \$13 Coarse do. \$2 50. culated to correct have borne heavily upon them -It is a matter of congratulation to us that there is a promise of the speedy eradication of the evils, not | everything which concerns the commercial pros- see .- Ran. penty of the city, but also for the reason that we have curvelyes horne a largeshare of them. In the WHOLESALE PRICE CURRENT. compilation of commerceial intelligence for our resilers we have felt severely the want of some authorized source from which to derive items of information. With no concert of action, on the part of the information of the impossible for us to obtain a true time satisfactory quotations of leading.

Colling & Co., (Hartd) \$13a14 Bar, common, § 3 H. Colling & other make 9412 Band, Hope, With the concert of action, on the part of the information of the impossible for us to obtain a true time satisfactory quotations of leading.

Mond Tallow, § 5 Canal Colling and Colling and

Chamber of Commerce commends itself to the support of a business community like that of Nashville. There are numerous rules and regulations which can be made that have the effect to promote the interest of commercial men, and establish trade upon an entirely legitimate basis, We report to learn that this organization, like most others, however, under similar circumstances, has not been entirely satisfactory to all the business men of the place. We had hoped that the great Borax Crude necessity for the convenient, acknowledged by all, Brimstone, roll" and a derice to secure the great good which it will ! eventually accomplish, would have operated to com- Cantharides promise conflicting interests, at least upon a tempo- Cream Tartar, V h eary book, until time and experience shall have Gue pointed out the unavoidable evils of the present, and corrected them in the course of time. Everything cannot be accomplished at once, and though the eradication of some of the more glaring evils is now left unprovided for, much good certainly can to accomplished even under the present imperfect organization. We hope, therefore, all will lend a helping hand to insure the permanency of the

Address Box 351, Nashville P. O., aug18-d&tweod1m u THE LAST PUBLIC SALE OF TOWN LOTS

N West Hickman, Fulton County, Ky., will take place In view of the very rapid improvement of Mickman, and the very great solicitude manifested by many that we should still offer inducements to capitalists to cast their lots with us, and invest their cash capital in property, that in less than two years will quadruple itself; we have concluded to make another offer of Lots at Public Auction. It is needless to say anything of the ndvantages of Hick-man, as they are known throughout the country to be supe-

or to those of any place on the Mississippi River, between Memphis and St. Louis.

It will, in a short time, be the grand terminos of the grea chain of Railroads from Clarieston and Savannah to the Mississeppi River, the last link of the great chain being the ashville and North Western road, which terminates at Nashville and North Vestern road, which terminates at linekman, and is now in course of construction. Ha tributary country is very large, and embraces the most fertile and wealthy portions of West Kentucky and Tennessee. A Marine Raidway and Pock Company has been organized with funds enough at command to ensure the completion of that enterprise, fraught with so many advantages to the place. Add to these two improvements—the Railroad and Marine Railway and Dock—the many other minor improvenents daily made, and Hickman offers inducements to

canitalists and business men of almost every description, not equalled by any place on the Mississippi River. aug18—td by any place on the absissippi river, aug18—td H. C. NEW BOOKS.

A STORY OF GREAT INTEREST. FASHION AND FAMINE. By Mrs. ANN S. STEPHENS
"There is no sorrow for the entreest soul,
That looketh up to God in perfect faith."

Of this column the N. Y. Express speaks as follows:
"So far as the literary merits of the work are concerned,
no better guarantee than the name of the gifted authoress
could be sequired,—yet, we venture to say that nothing she could be required.—yet, we resture to say that nothing she has hitherto written, contributes or will contribute, more substantially to her fame than the production to which we refer. The subject chosen is one which has never yet had fall justice done it, in an American novel. The plot is full of interest, portraying and bringing in the ling contrast the two extremes of city life."

We are still manufacturing FURNITURE and all kinds OLD FURNITURE REPAIRED and VARNISHED at

We take great pains in packing Furniture for the country Undertaking. Our Undertaking Department will re crive our strictest attention, will be personally stlended to by one of the firm.

We have the sole Agency for the sale of "FISK'S METALIC BURIAL CASES," in Middle Tennessee, and are prepared to furnish Undertakers and others on favorable terms.

CORNELIUS & DORRIS.

UNITED STATES MAIL.

Post OFFICE DEPARTMENT,
July 29, 1854.

PROPOSALS for conveying the mails of the United
States from October 16, 1854, to June 39, 1888, on the
following routes in the State of TENNASSEE, will be received at the Contract Office of this department until 9 o'clock, 3. m, of Thursday, September 14 next, to be decided by the next day:
No. 8609: From Chattanooga, by Kelly's Ferry, Oat's Landing, Jasper, Hattle Creek, Kiepper's, and Felham, to Hillsboro', 65 miles and back, once a week.
Leave Chattanooga Monday at 7, a. m.;
Arrive at Hillsboro' next day by 6, p. m.;

Leave Hillsboro Wednesday atty, a. m.;
Arrive at Chattanooga next day by 6 p. m.

For form of proposal, guarantee, and certificate, and also notes and instructions, embracing conditions to be incorporated in the contracts, to be executed by the accepted bidder, to such extent as the department may doom expedient and propos, see advertisement inviting proposals for

B. R. R .- WHAT DO THE SICK REQUIRE! TO THOSE who think;—If sink, if suffering the tortures of pain, or afficies! with long illn-ss, the inveite's constant hope and most fervent desire is to be relieved and cured of the distressing ailment, that renders his existence so miserable, in the quickest possible time. On this principle the R. R. R. REMEDIES are founded. Instant Relief from Pain, Quick Cure of Diseases, Speedy Restoration to Health, is the great platform on which the R. R. R. Theory is predicated.

Theory is predicated.

The R R R REMEDIES are worthy of the age. They The R R R REMEDITIES are worthy of the age. They instantly relieve the bod-ridden from the most excruciating pains, and quickly free the afflicted from the most obstinate and serious muladies, infusing new life and vigor in the shattered and bruised body, and renew each member and organ of the homan system with strength and power.

The R R REMEDIES consist of RADWAY'S READY RELIEF, RADWAY'S RENOVATING RESOLVENT,

DY RELIEF, RADWAY'S RENOVATING RESOLVENT, and RADWAY'S REGULATORS.

RADWAY'S READY RELIEF is for the instant relief of the sufferer from pam, and to check and arrest the progress of diseases; to distofeet animal, malarious and infections poisons, thus protecting whoever uses it against all paisonous infection from Contagion, and from sudden attacks of Cholera, Pneumonia, Ship Fever, Fever and Ague, &c. Likewise for the effectual and radical removal of all pains and diseases of the Joints, Limbs, Nerves, &c.

Its first action is to remove the pain, (hence its usefulness in Neuralgic cases,) its second, to repair and heal, as in the case of a cut, or wound. If the Belief be applied after the first little smarring is over the pain is extinguished, and the work of reparation now commences. But if the Relief is not applied, there are many chances to one that the pain will continue and an inflamation be set up, and instead of a simple incised wound we have Inflamation—disease to contend with. Besides its direct power over pain, the Ready Relief is the mist effectual and convenient "counter irriam" that is known to the medical world.

If there he a congestion or heaping up of the blood in

ant" that is known to the medical world.

If there he a congestion or heaping up of the blood in any particular part, occasioning pair and threatening infiantation or disease, as Sore Threat, Lumbago, or pains in the loins, Picuratic congestion, Ac., the Rehef will be found the most invaluable currative. By applying it over the adjacent parts the blood is drawn away from the affected parts, the congestion dissipated and the pain removed at once. Let any who may doubt this but make the trial—Now, these two properties, its power over pain, and its "counter irritant" reader it the most caluable remedy for Diarrhous, and although not an astringent in the popular Diarrhous, and although not an astringent in the popular meaning of the term, yet it stops the pain and arrests the discharge of the most frightful Diarrhous or Cholers in a short time.

DISINFECTANT.

RADWAY'S READY RELIEF is the most safe and powrful disinfectant in the world—as such, it is a most effec tual cure and positive preventative of FEVER AND AGUE

So with other fevers and all malarious diseases. Ten or twenty drops, taken internally, in a little water, will protect the system against any attacks from infectious and maarious poisons. PNEUMONIA.

whether Typhoid or Bilious, RADWAY'S READY RE-LIFF, given internally, and applied over the surface of the body and the bowels regulated and kept soluble with RAD-WAY'S REGULATURS, the parient will soon be out of danger, and speedily restored to health. If the R. R. Remedies are given, they will save the life of the patient. RADWAY'S RENOVATING RESOLVENT. is the second of the R. it it itemedies. It is for the cure of old Chronic Diseases that have been linguing in the sys-HIGHLY IMPORTANT TO ALL AFFLICTED WITH

CHRONIC DISEASES.
For the present, then, let us pess to the consideration of the RESOLVENT, the second of the three R. R. B. Medicines. RADWAY'S RENOVAVING RESOLVENT is for the RADWAY'S RENOVAVING RESOLVERY is for the cure of Chronic Disease, of inflammation that is kept alight on fire by some sustaining cease, for the Chemists tells us that inflammation is a low concealed combustion. And this cause is a deposit resulting from the inflammation whilst is in an active or acute condition, for all disease is at one time acute 1/2000 it becomes chronic. If a person has Chronic Rheumatism, it is the result of a deposit in the fibrons tissue surrounding joints; if a person is Scrotulout these denoists often show themselves in small furnes under these deposits often show themselves in small lumps unde the chin and along the neck; if he have a Consumption of the chin and along the necs, it he have a Consumption of Chronic Cough, there is toberculous matter deposited is the lunger it Bronemins, it takes place in the Bronehia tubes, it Syphins, it occurs in every tasses and organ in the whole system, for that disease spares nothing. Now to core these diseases, these chronic inflammation; (for it is this in every case,) it is manifest that the diseased deposite must be first removed, the sustaining cause be taken away, and that the impure blood be aftered in its condition and reodered upon and healths.

rendered pure and healthy.

It becomes necessary, then, that the absorbents beactive and the blood be purified. We therefore want a medicine that will act on the absorbents and strumiste them into action, and at the same time purify the blood. Medicines that depend merely on purifying the blood alone will scarcely ever cure chronic disease to ensure success they must at first have the power to stimulate the absorbent, and remove the diseased deposits. The action of the RESOLV-ENT is directed first to the absorbents, stimulating them into action; and second to the blood, which it departes by into action; and second to the blood, which it deparates by its action over the giands, the liver, pancreas, kidneys, &c., which are the sewera that nature has established for paritying the blood. You will after this description, we hope, appreciate the name we have given to the R. R. R. REMEDISS OF RENOVATING RESOLVENT. It resolves away diseased deposits; it purities the blood and it renovates the system. Tunnots are removed and dispersed by its operation; Chronic Swellings are dissipated; Nodes are softened and molted away. The most loathsome Skin disease disappear under its action; Scrotulous constitutions are soon amended and the disease checked where ver it has attacked the system. Synhiis, with all its horrible train of concomitant. tem. Syphilis, with all its horrible train of concomitant, here finds a certain and infallible cure, and Consumption and lamentable disease of the lungs, to at it so well known to you all, from its fatal and almost helpless character, and the luyou it produces among the source. the havor it produces among the young, the most gifted and the most beautiful of the human race, excepting over our vi-tals with an insideous yet awful certainty, and consigning to

tals with an insidious yet awful certainty, and consigning to an early and premature grave its yearly hecatombe of rictims. Tubercular Consumption is often regarded as a
specific disease of the lungs alone. This is a mistake, it is
but one of the forms of Scredula—it is a Scredulott deposit
and inflammation of the lung structure, and could be as
readily cured as any other Scredulous disease—such as
flickets, hip Complaint or white swelling—if it was not
for the peculiar structure and action of the longs in which
ittakes place. The lungs expand and contract during every respiration and from the moment the first breath of life is drawn, un

til the last guttiral sigh passes from the dying invalid, a never-ceasing action is kept up on their part. It will read By be conceived then, how difficult it must be for an ulce: the lungs to heal, where it is continually kept irritated y the net of breathing.
Understand, then, we do not offer you the RESOLVENT as so certain a cure for Consumption or Scrofula of the ungs, as it is for other Chronic diseases. We believe it will cure Scrofula in any other part of the body, but from the very nature of the case, this complaint—except in its first stages—is of times incurable, but we can recommend it as the most certain remedy (when taken as directed in

our pamphiets) that we possess to arrest its progress, and can point to a large number of cases of Long Diseases that Such then, is the Repoyating Resolvent. What the re-Such ties, is the transfer of the Resolvent is to Chronic; it re-solves away the foreign and diseased deposite; it purifies he blood and it renovates the system. No. 2. We now request the reader's attention to the third

the R R REMEDIES RADWAY'S REGULATORS—Every pill taker should examine the theory on which the hegulators are founded. Every one "who takes pills" will find Radway's Regula-tors the most pleasant and safe Regulator of the Liver, Bow-els, Kidneys, and other organs of the system in use. We have hitherto been treating of disease or inflamma-tion in its acute or ch-onic state, and its remedies; the KE-LIEF on one hand and the RESOLVENT on the other. We now pass to the consideration of that state of the system im-mediately preceeding disease or inflammation, viz. Irreta

tion. To atlay irritation of the nervous system, and re move its effects wherever it exists, and to aid the RELEF or RESOLVENT in treatment of inflatumation, are the chief purposes of the REGULATOR.

But how is nervous arritation the cause of disease? Because the glands of the system a controlled by the brain and nervous centers, and whatever irritates the brain causes irregularities of the glands, and when the glands refuse es irregularities of the glands; and when the glands refuse to do their work, the foreign matter which it is their duty to remove, is left in the blood, and increases the already exiting irritation. The glands are sewers of the system, and are composed chickly of the Liver, the Kidneys, the Pancrease, the Salivary Glands, and those of the akin, and institution of the salivary Glands, and those of the skin, and institution are included in the series of the seri

by it, and diseased action will follow, and it will be just as surely corrupted if the glands do not abstract the worn out Again if the kidneys be interfered with in their action om any irritation whatsoever, why then we have the salts of the urine the prisonous area circulating in the blood, producing headacles, come drowsness, &c. And, inst, and most emportant of all, if any existing causes interfere with the operation of that great laborators the Liver, hehold the disastrons effects! The bile, instead passing into the intestines to aid them in their more nts, (for the bile is Nature's purgative,) is left to circulate n the blood; the bowels, therefore, become mactive and the

in the blood, the bowels, therefore, become smotive and the carbonilerous bile (the carbon or charcoal is the chief component of bile) circulating in the blood is the cause of the levers of the ayatem. The superabundance of the carbon in the blood meeting with the oxygen as it passes throw the lungs as slowly equationed, and gives out a superabundance of heat, and this is fever.

EADWAY'S REGULATORS induce a healthy regularity of glandular action. No costiveness, or dyspepsia, or indigestion, or pains in the side, or liver complaint, or pains in the kidneys, will trouble you if Radway's Regulators are taken; and we positively assure all who are atticted with aken; and we positively assure all who are atticted with ese dystessing complaints that Hadway's Regulators will cure them.

R. K. R. Remedies are suited to the treatment and, unaided, will ome most of the ills that flesh is heir to." The sangunary practice of the lancet, the cupping-glass, and leectes, they entirely dispense with, and bariely forever the persistent use of that baneful drug, calomel. If you be sick, we advise you to resurt at once to the R. B. R. Reneedles, as the most prompt in their action, the most safe and effectuatof remedies. Instances of diseases prevented, of rapid cures, and al-most miraculous recoverie, we can furnish you the certifi-cates and credentials without number. Eut these may be obtained without merit as well as with it, and, without knowing the circumstances, prove nothing

The R. E. R. Remedies are for sale by druggists every-where. Persons desirous of learning more of our Reme lies, are referred to our Family Friend, a monthly paper A copy will be sent free of charge, to all who will send in their names and address.

PHEADELPHIA MEDICAL HOUSE —Established 12 years ago by IM. KINKELIN. The oldest, surest said best hand to cure all forms of secret diseases of the skin, and solitary tubits of youth, is DR. KINKELIN, N. W. corner of Third and Union streets, between Sprince and Pina, one and a half squares from the Exchange, Philadelphia.

Take Particular Notice.—There is a habit which now teach each other at the academy or college—a habit in deliged in when by themselves, in solituda, growing up with the boy to manhood, and which, if not abandoned in dualtime, not only begets serious obstacles to matrimonial happiness, but gives rise to a series of protructed, insidious and devastating affections. Few of those who indulge in this pernicious practice are aware of the consequences, until they and the nervous system is shattered, feel strange and unaccountable feelings, ragus fears in the mind. The Individual becomes feeble, he is unable to labor with accustomed vigor, or to apply his upind to study, his step is tardy and weak, he is dull and irresolute, the contempore is dewronast, the over without natural lustre, shame-facciment is apparent.—These are symptoms unich absuld access the attention of those terrible nocturnal emissions, which weaken and shame him, producing mental and physical prestration. If he emancipate himself before the practice, he suffers under hose terrible nocturnal emissions, which weaken and shame him, producing mental and physical prestration. If he emancipate himself before the practice has does its worst, and enter matrimony, his marriage is unfruitful, and his senses tellhim that this is caused by his early follies.

Too many think they will him the secret to their own hearts, and cure themselves. Alast how often is this a final delusion, and how many a promising youth, who might have been an ornament to society, has based from the earth!

Young Men!—Let no false modesty deter you from making your case known to one who, from education and respectability, can alone befriend you. He who pisces himself un AFFLICTED READ:

his honor as a gentleman, and in whose possine with be for ever locked the secret of the patient.

Country Invalids.—Finding it inconvanient to make personal application, can, by stating their case explicitly, to gether with all their symptoms, (per letter post-pand,) have forwarded to them a chest containing Dr. K.'s medicines, appropriated accordingly, and be cured at home. Strictures of the wreths, weakness and constitutional de-bility, promptly cured, and full rigor restored. All letters post-pand. post post.

A remittance of 25 cents in a letter, post paid, addressed to Dr. Kinkelin, Philadelphia, will secure his book on the Secret Infirmities of Youth. on the Secret Infirmities of Youth.

ROGERS' LIVERWORF AND AM TOR THE COMPLETE CURE OF COUGHS, CGLOS, INFLUENZA, ASTHMA, SEONCHITIS, SPITTING OF BLOOD, AND ALL OTHER LUNG COMPLAINTS TENDING TO CONSUPATION.

LY This preparation is gotting into use all over our courty. This preparation is gotting into use all over our courty. The numerous letters we receive from our various agoutation ming us of cures effected in their lumediate neighborhoods, warrant us in saying it by one of the best, if not the very best COUGH MEDICINE now before the public, it almost invariably relieves and not unfrequently cures the rary worst cases. When all other Cough preparations have falled, this has relieved the patient, us Draggests, dealers in Medicines, and Physicians can testify. As the agont myone nearest town, what has been his experience of the effects of this medicine. If he has been seiling it for any leg the efficient this middlene. If he has been seiling it for any leg the efficient this middlene.

Hearest town, what has been his experience of the effects of the medicine. If he has been selling it for any legate the will tell you If is This BEST SEDICINE STRANT.

Helow we give n'ew extracts from lectors we may exceived lately regarding the virtues of this MEUICINE

Dr. S. Oslan, of Knozville, Gr., ayon "I have been using your LIVEE WORT and TAR very extensively in my post-like by three years past, and, it is with missaring later. ico for three years past, and, it is with pleasure I state my belief in ITS SUPERIORITY OVER ALL OTHER ARTI-CLES with which I am acquainted, for which it is recom-mended." CLES with which I am acquainted, for which it is recommended."

Aicact. Filtzorald & Benners, writing from Waynesville, S. C. say: "The LIVERWORT and I And is becoming delighnore popular in this country, and we think Justiy so. All was tried they ak in commended terms of it, and applit is very beneficial in allestating the complaints for which it is recommended."

Our Agent in Pinkens District, S. C., Mr. S. R. McFalk, assures as "that he ness it with great benefit in his our famility, and recommends it to his neighbors. He gives an insteamed of a Nerto woman, in his virtuity, who had been affected with fleense of the Lungs for years, attended with avenue cough, who is as relieved by the Liverwort and lar.

Such as the good reports we have of this Medicine from all parts of the South. For a reports we have performed in the Western and Northern and Eastern Shales, we would invite the suffering pations to read the pampibly which accompanies each bettle. To all, we say have hope, have hope
